Although no definite announcement was made, it is the general expectation that the steamer, which arrived here February 15 from New York for examination by the British authorities, is a passenger ship and, therefore, would start for Copenhagen tonight. ## ALWAYS RECOMMENDS THIS KIDNEY REMEDY

I have never heard anyone say anything against Swamp-Root, but I have heard much praise. Several of my customers have used Swamp-Root for years as a home medicine and I believe it possesses excellent qualities as a kidney, liver and bladder remedy else it would not enjoy the sale it does, and continues as it has for the past twenty years.

## 'BE PRETTY,' HER ADVICE TO GIRLS

Cleveland Young Woman Tells  
Secret of Good Looks.

"Get Tanlac, girls, and get it now," is the advice of Miss Marie Staught who works in one of Cleveland's biggest department stores.

"Every girl who works in an office or factory can have the natural beauty that is her due," said Miss Staught. "She can get it easiest 'the Tanlac way.' I advise every girl that works indoors to take this tip and get Tanlac. It will build up her health and bring back that rosy glow to the face."

Miss Staught, who lives at 1517 E. 82nd st., is a remarkably pretty young woman. She says Tanlac is the greatest friend of those who are unable to take out-door exercise.

"I didn't get any vacation last summer," Miss Staught said, "and I was working in poorly ventilated quarters from morning till night."

"Working that way affected my general health. It gave me the 'blues.' I had frequent headaches and a sallow complexion. I lost a lot in weight."

"Having read so much about Tanlac I decided to give it a trial and I want to say that it is splendid. It has cleared up my complexion and given me a great appetite. I am not nervous now and my food agrees with me fine."

Tanlac may be obtained in Newark at Frank D. Hall's Drug Store.

## BRITISH STEEL NET AT HARBOR'S ENTRANCE. SNARES TORPEDO

Submarine chaser at left raising steel net with snared torpedo shown at lower right.

With the German ruthless submarine war continuing in its destructive work, the guarding of the British coast by effective means has become renewed interest. Heavy steel nets have been laid at the entrance of all harbors and some extend even further out. The photo graphically shows how the nets save ships. The torpedo was launched at a British ship, but it was stopped by the net in its murderous course.

## BOATS ADRIFT IN HEAVY SEA; PICKED UP IN SIX HOURS

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 27.—Official dispatches confirming reports of the death of Americans on the Laconia, torpedoed without warning, establish the case as "the overt act."

The situation, however, was unchanged from where the President left it yesterday when he asked congress for authority to deal with the submarine peril.

President Wilson and state department officials took the position that no further steps would be taken until congress had an opportunity to act on the President's request.

The view prevailed that the sinking of the Laconia should hasten action by congress. The first step of the government, it is indicated, will be to furnish American ships with guns and gunners for defensive purposes and insure them in the government war risk bureau.

On the basis of the official reports the sinking of the Laconia is regarded as another Lusitania case in principle, even though fewer lives were lost.

President Wilson, it was said today, is opposed to calling an extraordinary session of congress unless it is absolutely necessary. Word has been conveyed to him that the Republicans may filibuster in an effort to force an extra session but he is hopeful that this intention will not be carried out.

The following dispatch from Consul Frost at Queenstown, dated at 11:15 o'clock last night was received today at the state department.

"Two American women believed dead from exposure and bodies lost at sea from Laconia, namely Mrs. Mary E. Hoy and Miss Elizabeth Hoy, of Chicago. Americans saved: F. B. Gibbons, Chicago Tribune; Mrs. F. E. Harris, wife Colonel Harris, U. S. A., Fort DuPont; Arthur P. Kirby, upper New York state and Father Wareing, of St. Joseph Seminary, Baltimore.

"Laconia torpedoed without warning 10:30 p. m., Feb. 25, 150 miles west of Fastnet, overcast, heavy swells not breaking, fair breeze.

"Laconia carried 1.7 inch gun invisible at night. Second torpedo 20 minutes after first. Thirteen boats got away, of which No. 8 with Hoy ladies, is lost. Wireless had been sent out. Boats picked up by admiralty patrol. 4:00 a. m., Feb. 26. Cargo cotton, foodstuffs and non-explosive munitions. Apparently eight deaths out of 335 on-board. Two hundred and sixty crew and seventy-five passengers, including many women and children.

"Ship sank in about 45 minutes from time of first torpedo. Had fired six rockets which were seen by admiralty patrol. Wireless also used up to last moment. Boats scattered two or three miles in swells 12 feet high. Burned flares and were picked up seriatim between 3:00 and 4:00 a. m., Feb. 26."

A second dispatch from Consul Frost, timed 8:29 o'clock this morning says:

"Deaths Mrs. and Miss Hoy as reported now positively confirmed. Cedric B. Ivatt, of New York, probably American, is apparently lost. Add to Americans saved 15 negro firemen and seamen.

"Total survivors landed here, 267. Landed at Bantry, 14. Total on board, 294; missing, 12, of whom five drowned and eight, including Hoy ladies, died of exposure and buried at sea. Six hospital cases, none believed grave. First torpedo struck about engine, steamer going 17 to 18 knots, engine stopped and ship turned listing to starboard so that most boats got off that side. Twenty

## U-BOAT FIRED SECOND TORPEDO WITH LIFE BOATS STILL NEAR

(ASSOCIATED PRESS TELEGRAM)

Queenstown, Feb. 27.—Correct returns on those missing from the sunken Cunard Laconia are not yet obtainable although the Cunard staff is working on the list of crew and passengers. Four passengers are among those sent to hospitals. Their injuries are slight. Among the four is Dr. Hawke, a resident of San Francisco, who said he was playing a game of bridge in the ship's surgeon's room when he heard an awful crash and guessed that the ship had been attacked by a submarine.

He said that the first torpedo struck the liner aft on the starboard side and everyone made for the life preservers. The passengers had previously been instructed in boat drill and got into the boats without panic. Dr. Hawke said that all behaved well and that the discipline was truly good. He continued:

"The submarine returned after we had been in the boats and fired another torpedo which put out the lights and followed by a terrific explosion and the ship must have sunk soon after. The second torpedo, mind you, was fired although the life boats were close to the vessel and the crew of the submarine could not have failed to have seen us as it was moonlight. It was about 9:30 p. m. on Sunday when we took to the boats and about 3:00 o'clock the following morning when we were picked up."

Dr. Hawke gave the highest praise to the behavior of the women and children and said that the captain and crew were marvelous. It appears that two boats reached Bantry with 22 people, eight of the occupants having died from exposure.

Among those saved was the singer Miss Mitsie Siklosi, of Paris.

Cedric P. Ivatt, a theatrical manager who was a passenger on the Laconia died of exposure. Mr. Ivatt was a resident of London.

The bodies of the eight persons who died were consigned to the deep. Among the Laconia's firemen were 16 American negroes.

Dr. Hawke of San Francisco appears on the Laconia's passenger list. The name of Dr. Benjamin E. Hawkes, of Galt, Ontario, is listed, however.

## FIND OPPOSITION TO WILSON'S PLAN FOR FREE HAND

(Continued from Page 1)

The first news of the disaster reached Washington yesterday just as the President reached the capitol to deliver his address, and some officials were inclined to think this might prove to be the "overt act" to drive the United States to hostilities.

Today's dispatches indicated the loss of Mrs. Hoy and her daughter, of Chicago, passengers on the Laconia, and eight American negroes, firemen on the vessel, all of whom died of exposure after leaving the ship.

Representative Flood's bill, which was before the house foreign affairs committee today, was drafted along lines of a memorandum left with him and Senator Oliver of the senate foreign relations committee yesterday by President Wilson, and consequently embodies the President's ideas of what authority should be granted by congress.

In addition to empowering the President to arm merchant ships and to employ "other instrumentalities" and providing \$100,000,000 by a bond issue, the bill would permit the President to transfer any part of that sum to the federal bureau of war risk insurance to be used in paying losses of American ships above \$5,000,000. Total payments are limited to that amount now by the size of the entire fund. The proposed increase would be a precaution against the possibility that if a number of ships carrying federal insurance were sunk in the war zone, the government might not be able to redeem their loss.

Since its establishment September 2, 1914, the federal insurance bureau has made several rate increases, the last of which, announced in three weeks ago after the German submarine blockade had been instituted, brought insurance costs to two per cent for vessels from American ports passing through the war zone. This rate now prevails for destinations of Great Britain, Rotterdam, Scandinavian countries, various ports of France, western Italy and the northern coast of Africa.

In the two years ending September 2, 1916, the federal bureau paid net loss of \$774,000 and made a net profit of \$2,367,000 from premiums.

After the receipt of word that two American women and eight American negroes had lost their lives as the result of the sinking of the Laconia, it was indicated in official quarters that no immediate action would be taken by President Wilson but that renewed pressure would be brought to bear on congress to grant the additional authority requested by him yesterday.

While official comment was withheld pending a full investigation, the Laconia incident was looked upon as serious.

## 20 KILLED WHEN HEAVY FREIGHT HITS PASSENGER

(Continued from Page 1)

stood at twenty, of whom, seventeen have been identified. The bodies of a man and two women have not been identified.

All of those killed were in the car Bellwood, which was telephoned and crashed to pieces.

An official of the Pennsylvania railroad, here, said the list of dead may exceed twenty, as fourteen bodies have been recovered and at least six are known to be dead in the wreck.

At this time, the railroad company is conducting a full investigation.

Wrecking crews and relief trains with physicians, nurses and all first aid equipment, were rushed to the scene of the wreck within an hour after it happened.

The wreck occurred within ten miles of the scene of the disastrous wreck at Warrior Ridge, six miles west of Huntington, a few years ago. In that wreck an all-steel train fell down the embankment to the bank of the Juniata river. Several were killed and many passengers were injured.

## CHILDREN WERE VICTIMS.

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, Feb. 27.—Information from Pennsylvania railroad sources shows that twenty persons were killed in the wreck. It has been learned that in addition to those already accounted for, two small children were killed. As no tickets were required for them they were overlooked when the passengers were checked up by the train crew. The four children killed were Mr. and Mrs. Chester A. Minds, comprise their three weeks' old infant and a nephew and two nieces, Richard Owen, 7, Dorothy Owen, 6, and Jean Owen, 4.

## "WATCH YOUR STEP," SAYS 90 YEAR OLD MAN VISITING HERE

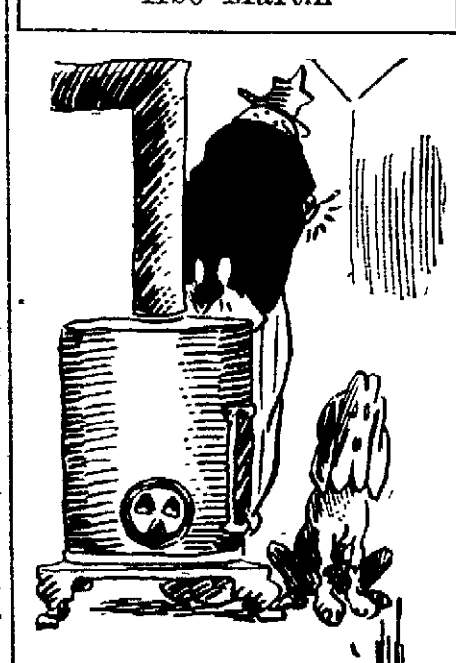

Adopting the phrase which he heard from the lips of his great-grandson, F. F. Fenn of near Akron, who is nearly 90 years old, advises the present generation "watch your step." Mr. Fenn, who is in perfect health, is visiting at the home of Mrs. Albert Porter, 136 North Fourth street.

In an interview printed in the Denison Paragraph, Mr. Fenn attributes his many years of life to his determination not to die young. Both his parents died before reaching middle life and when he was a soldier with the Union army in the 164th regiment O. V. I. he was confined to a hospital with stomach trouble and hope was abandoned for his recovery. He fooled the doctors and his friends and has been fooling them for a good many years.

He says he uses tea and coffee always and does not think they have harmed him. He has always avoided tobacco and intoxicants.

"I can lie flat on my back," Mr. Fenn says, "and spring to my feet without touching my hands or arms to the floor. Not many young men of the present day can do that. I am a farmer and work at it every day. I do not sit in my easy chair and give orders to my men and trust somebody else to carry them out. I hope I can think as clearly and love my Creator as reverently as ever I did. When I forget to whom to return thanks for all the blessings I now enjoy and have enjoyed, I shall think that is my portion."

## OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, Calomel, Pills Act on Bowels Like Pepper Acts in Nostrils.

Enjoy Life! Don't Stay Bilious, Sick, Headachy and Constipated.

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

## A GREAT MEDICINE.

That most successful of all remedies for woman's ailments, Lydia E. Pinkham's Vegetable Compound, owes its origin to a botanic recipe which came into the possession of Lydia E. Pinkham about fifty years ago.

This recipe has proved so effective in the practice of a skilled physician that Mrs. Pinkham procured the herbs and steeped and prepared them in true old-time fashion on her kitchen stove for her friends and neighbors who suffered from woman's ailments. The fame of the virtues of this wonderful medicine spread, until it is today recognized as the standard remedy for woman's ills.

## THE "SONG OF JUNE"

Caruso has chosen as his March offering to the great public who enjoy his art on the Victrola, a composition which is something of a departure in music as well as a charming medium for Caruso's voice. The "Song of June" by the gifted Frenchman, Godard, is typical of a tendency among modern French song composers to produce, not a ballad, which tells a story, nor yet a lyric, which expresses a passion, but rather a "picture" in tones, that creates an atmosphere of sensuous beauty.

Caruso, in selecting the "Song of June" as his contribution to the new Victor Records for March, presents Godard's lovely work to the world with a charm, an artistry, and a liquid flow of voice admirably befitting the music and its inspiration.

## An Effective Laxative For Growing Children

Dr. Caldwell's Syrup Pepsin Highly Recommended as a Family Remedy.

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services. Mrs. Leo Weigand, 3251 Central Ave., N. E., Pittsburgh, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without griping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

Dr. Caldwell's Syrup Pepsin can be obtained at any drug store for fifty cents, and should have a place in every home. It will save many times its cost in lessened doctor bills and maintain the health of the entire family. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Ills.

## INTEREST IN FELLOWMAN IS EVANGELIST'S TOPIC

Revival services at Tenth Street U. B. church still continue. Much interest is manifested in these services. Last evening, Rev. Mr. Spears talked from the text, Col. 3:7. "And whatsoever ye do in word or deed do all in the name of our Lord Jesus." He said:

"Every man is our neighbor and we should be interested in him. The business of the church is to save souls. It must do something practical if we are to receive God's approval, and hear that welcome, 'well done thou good and faithful servant.' If we have Christ's spirit, we will not sit down in idleness when our neighbor is going the wrong road. God expects us to do something now for our neighbor. We ought to do all Christian work in the name of our church and give it its right place in the world. Services every afternoon and evening this week. Friday evening will be men's night.

There will be a regular battle royal next Saturday night at 8 p. m. when the Pastime team hooks up with the Wit drug team of Akron. The latter team is composed of "Dutch" Tracy, Mine and Fletcher, the former Newark stars, and two other stars of the rubber city. This team has a reputation of being one of the crack teams of that section and as the locals have made a good record this season, winning eight out of ten contests with out of town teams, this contest should prove to be a hummer.

S. Corie won the box of clears for high score in the United League last week with 209.

C. Whitesides won the box of clears for high score in the Pastime League last week with 191.

Schedule for week:

United League—Rutledge vs. Hermann; Parish vs. The Wheel.

Pastime League—The Hub vs. Miller Printing Co.; J. M. Mitchell vs. Roscoe Bach; Sperry & Harris vs. A. L. Norton.

**HEBRON WINS OVER KIRK.**

In a rapid action game Friday night on the Lakewood floor the Hebron team soon outclassed their opponents. The floor being small and the baskets a foot lower than the standard height enabled the larger men of Hebron to drop the ball into the basket after time. Ewing scored several baskets from the tip, showing that it was not accidental, but that it was sheer skill. House got eight field goals against Ewing's 18 goals, while Hitt and A. Keller each scored two. R. Walters delivered two foul line goals. For Kirk Snyder shot two field goals and Linville four foul goals. J. Walters subbed for Hebron but the referee put him out in a few minutes on account of personal fouls.

## NATIONAL LEAGUE MANAGERS FOR 1917 SEASON ARE HOPEFUL

National league managers. Left, top to bottom: Stallings, Huggins and Robinson; center, Moran and Mitchell; right, Calahan, McGraw and Mathewson.

Only one of the National League managers for the coming season can win the pennant with his team, but eight of them can hope to try with it of vigor. And it seems certain that eight of them will do it. In Wilbert Robinson and Charlie Mathewson, McGraw has two of his old employees out fighting him, and Stallings has his former right-hand man, Fred Mitchell, lined up against him. Though this will be Mitchell's maiden year as a manager he is really more experienced than others, such as Matty, for instance.

## oil stocks

A remarkable disparity between intrinsic investment value and low market price on the one hand, and clearly superior in special character and value on the other, has been prepared on Mid-Continent Oil & Utilities, actively traded in on the New York Curb market. It shows better than 8% income on invested capital positively safeguarded, plus tremendous speculative value in addition. It is interesting and requests a 3-cent stamp.

Only at one place were the British successful in entering the German lines, at a point to the east of Arras, the statement adds, and there the British were rejected by a counter-attack.

## AN EXPERT ON COLDS

Comparatively few people realize that  
a cold is a signal of physical weakness.  
To treat a cold with weakening  
physic, alcoholic syrups or drugged  
pills, may smother the cold but they also  
reduce the body powers still further and  
invite more serious sickness.

Scott's Emulsion has always been an  
expert on colds, because it peculiarly  
enriches the blood, quickly tones up the  
forces and strengthens both throat and  
chest. Try Scott's. Refuse Substitutes.

## ENGINEER GLENN IS SLIGHTLY INJURED; TRAIN IS DERAILED

J. W. Glenn, of 15 North Morris  
street, was engineer on B. & O.  
train No. 41 which was derailed near

night. The train was the Pittsburgh-  
Chicago express and when the pony  
trucks of the locomotive struck a  
rock which had slipped from a cut  
and fallen on the tracks, they left  
the tracks and the mail car was also  
derailed.

Fortunately no one was seriously  
injured, Mr. Glenn being the only  
one hurt in any way. His face and  
head were badly cut and bruised  
but no bones were broken.

Traffic was tied up for several  
hours while the derailed locomotive  
and car were being righted and the

Tries to Pass on  
Wrong Side; Auto  
Hits Woman's Rig

[Special to The Advocate]  
Granville, Feb. 27.—The buggy  
occupied by Mr. and Mrs. Garrett,  
who reside on the old Avery farm,  
on the Columbus side, was demol-  
ished and Mrs. Garrett injured this  
morning when a Ford machine ran  
into the vehicle.

According to their statement the  
Ford attempted to pass them on the  
wrong side of the road, and crashed  
into the rear of the buggy, which  
was demolished and thrown into the  
ditch. The impact of the accident  
stopped the engine of the machine  
and the driver said his name was  
James and that he lived in Newark.  
However his number was taken and  
the number is a Columbus license.

## FIRST BIRTHDAY FINDS MUNICIPAL CHRISTMAS TREE IN GOOD SHAPE

It is almost a year since New-  
ark's municipal Christmas tree was  
planted in the park, just east of the  
court house, and as far as known it  
was the first living tree planted in  
Ohio.

The idea has been disseminated  
over the state and even beyond the

MUNICIPAL CHRISTMAS TREE

boundaries of Ohio, and inquiries have  
been received concerning the cost of  
the tree, care required and other de-  
tails, from New York, Pennsylvania  
and other states.

The time to plant trees is early  
spring and attention is called to the  
fact at this time for that reason.  
The accompanying picture of New-  
ark's tree was taken during the win-  
ter, showing its robustness and  
beauty under snow-storm condi-  
tions.

## PREDICT DEFEAT OF BILL TO VOTE ON WOMAN SUFFRAGE

[ASSOCIATED PRESS TELEGRAM]  
Columbus, Feb. 27.—The house  
committee on federal relations today  
reported favorably for passage the  
Holden and Stump resolutions, pro-  
viding for the submission of the  
question of full suffrage for women  
to a vote of the people in November,  
1918.

The Holden resolution, which al-  
ready has passed the senate, origi-  
nally provided for the submission of  
the suffrage question in November,  
1917. Holden and opponents of suf-  
frage will oppose its amendment,  
providing for submission in 1918.

Indications today, were that in the  
rush of bills, both the Holden and  
Stump resolutions would be defeat-  
ed. Suffragists are not asking for  
submission of the question either  
this year or next year.  
John A. Holzberger, mayor of  
Hamilton, C. W. Culkin, represent-  
ing the Cincinnati chamber of com-  
merce, Robert Paterson, head of the  
state society for the prevention of  
tuberculosis and other public health  
officials, appeared before the senate  
public health committee today, to  
oppose a bill giving city councils the  
right to fix compensation of health  
officers, instead of boards of health.  
The bill has already passed the house.

BRITISH STEAMERS SUNK.  
[ASSOCIATED PRESS TELEGRAM]  
London, Feb. 27.—The British  
steamer, Aries, of 3,072 tons, has  
been sunk by a German submarine.  
Lloyd's shipping agency announced  
today. The crew was landed.  
Sinking of the British steamer,  
Seagull, of 144 tons, also is an-  
nounced by the agency. The Sea-  
gull's crew likewise was landed.

A Queenstown dispatch last night  
reported the sinking of the steamer  
Eries. No vessel of that name is  
listed and it was thought the British  
steamer Eros of 1,843 tons might be  
meant. Today's announcement of  
the sinking of the Aries warrants  
the conclusion that the Queenstown  
report referred to her. The Aries  
was last reported arriving at Mar-  
seilles on Jan. 21, from Barry.

CHAINS HAVE BATTLE.  
[ASSOCIATED PRESS TELEGRAM]  
Havana Feb. 27.—Col. Betan-  
court, marching at the head of a  
government force from Manzanillo  
to attack the rebels at Santiago, en-  
tered the town of Bayamo, in Ori-  
ente province, at 3 o'clock yesterday  
afternoon after a battle lasting more  
than three hours. Many on both sides  
were killed and wounded.

ARBOR DAY APRIL 13.  
Columbus, Feb. 27.—Governor Cox  
is not superstitious. He issued a  
proclamation today designating Fri-  
day, April 13, as Arbor day.

## FRANKLIN COUNTY FARM AGENT WILL ADDRESS MEETING

W. E. Sims, of Groveport, presi-  
dent of the Franklin County Farm  
Bureau Association, will be one of  
the chief speakers at the all day  
meeting of the Licking County Farm  
Bureau to be held in Taylor hall,  
Y. M. C. A., Thursday. Mr. Sims is  
one of the best informed men on ag-  
ricultural matters in the state and  
the Franklin county association be-  
gan its work very recently.

Mr. Sims will speak to the farm-  
ers on organization work and point  
out methods whereby the Licking  
county association can be made ef-  
fective.

Other speakers will be L. J. Ta-  
ber of Banesville, master of Ohio  
State Grange, and A. E. Brenneman  
and H. P. Miller, county agents of  
Montgomery and Geauga counties  
respectively.

The Licking county association  
now has members in all parts of the  
county. The membership is steadily  
growing and this meeting is expected  
to complete the number which will  
entitle it to a county agent under the  
terms provided for federal and state  
aid.

A general invitation is extended  
to the public and particularly to ag-  
riculturalists to be present.

## CHANGE OF VENUE DENIED DEFENSE IN WERTS TRIAL

(Continued from Page 1.)  
motion stated that the matter was  
before the court once before to  
grant a change of venue, but that  
the court had overruled the motion,  
believing that the case could be im-  
portantly tried, and that the court  
was still of the same belief; that  
the case was not being tried in the  
newspapers, that they had the right  
to publish the news. The court was  
of the belief that the motion should  
not be sustained and therefore  
overruled the same. The attorneys  
for the defense excepted.

The court then ordered the bail  
to bring in the members of the jury  
and the thirty-six special veniremen  
all answered as their names were  
called by Clerk Bert O. Horton.  
William Green was requested to take  
a seat in the jury box and the others  
were requested to retire to their  
room until called.

Mr. Green was not in favor of cap-  
ital punishment and was excused.  
S. H. Resborough was excused for  
the same reason. Dennis Daugherty  
was accepted for the present, and  
Edward E. Stickle were ex-  
cused for having an opinion and  
court then adjourned at the noon  
hour and the jurors were asked to  
report at 1:15.

The state will have the right to  
exercise four peremptory challenges  
and the defense sixteen. It is hard-  
ly probable that a jury will be se-  
cured for several days.

Seventeen of the thirty-six venire-  
men were examined, up to 2:30  
o'clock this afternoon. Ten were ex-  
cused and seven accepted tentatively.  
They were Dennis Daugherty,  
W. B. Williston, Charles Horner,  
Logan Stevens, W. J. Crawford,  
William Helser and D. D. Clark. All  
are subject to peremptory challenge  
by either state or defense.

PRICES ARE FALLING.  
[ASSOCIATED PRESS TELEGRAM]  
New York, Feb. 27.—Food boy-  
cots by retailers and consumers and  
a rush of food stuffs into the city,  
forced a perceptible drop in prices  
today. Heads of city departments  
attributed the cut in prices of cer-  
tain supplies to alarm among whole-  
salers who face heavy losses.

WILL SEEK INDEMNITY.  
New York, Feb. 27.—The Stand-  
ard Oil company will seek indemnity  
for the destruction of its oil prop-  
erties in Rumania at the time of the  
German invasion of that country.

## Today's Beauty Talk

You can enjoy a delightful sham-  
poo with very little effort and for a  
very trifling cost, if you get from  
your druggist a package of canthox  
and dissolve a teaspoonful in a cup  
of hot water. This makes a full cup  
of shampoo liquid, enough so it is  
easy to apply it to all the hair in-  
stead of just the top of the head.  
Your shampoo is now ready. Just  
pour a little at a time on the scalp  
and hair until both are entirely  
covered by daintily perfumed prepa-  
ration that thoroughly dissolves and  
removes every bit of dandruff, ex-  
cess oil and dirt. After rinsing, the  
hair dries quickly, with a fluffiness  
that makes it seem heavier than it is,  
and takes on a rich luster and a  
softness that makes arranging it a  
pleasure.—Advertisement.

## ASTHMA SUFFERERS

PHYSICIAN'S DISCOVERY MAKES  
BREATHING EASY.  
In New England where Bronchitis,  
Asthma and other diseases of the throat  
and lungs are so prevalent some ven-  
erably skilled physicians have recent-  
ly been effected in the use of a treat-  
ment known as "Asthma Cure." First intro-  
duced by Dr. Roger Howard.  
Oxalene is a highly concentrated  
combination of vegetable agents, com-  
pletely safe and harmless, which the pa-  
tient dissolves in the mouth. It  
contains pleasant tasting tablets and  
the month is before you, coming to the  
cleansing of the throat, bronchitis, and  
enables the asthmatic sufferer to  
breathe easily. It naturally, with a  
few drops and a soft, comfortable  
night's sleep, cures the most in-  
tractable cases of Asthma and Bron-  
chitis, and is not at all over-dos-  
ing. It is a safe and sure cure, and  
many other ailments are relieved by  
using Oxalene tablets to all who suffer  
from Asthma or Bronchitis.

## CHIROPRACTIC

Uninterrupted Mind Energy Promotes Perfect Health

Your brain generates MIND ENERGY. This mind energy flows from your brain in currents out through your NERVES to all the various organs and parts of your body, giving to each and all their life and power of function. In order that these currents may be perfect—normal in volume—your NERVES and NERVE CENTERS must be free from the SLIGHTEST PRESSURE.

CHIROPRACTIC ADJUSTMENTS removes this pressure, thus restoring normal function, and health results.

Take Tollo Water, A Wineglass-full Will Relieve Your Constipation and Make You Feel Fine in 30 Minutes.

Too much rich food clogs the liver. The drains become choked and cannot discharge the bile, but force it back into the system, making your skin yellow and your tongue coated; your stomach gets upset; you become constipated, have headache and feel tired, nervous and run-down.

Get a 15-cent bottle from any drug store and take a teaspoonful in a glass of plain water before breakfast. In half an hour it will dissolve and flush out all the bile that is clogging the liver, leaving every tiny tube clean and fresh. #### AUDITORIUM.

**Ethel Barrymore.** The celebrated actress, Ethel Barrymore, who will be seen at the Auditorium theater today in the Metro-Rolife production, "The Awakening of Helena Richie," has abandoned the speaking stage. This announcement comes as a great surprise, perhaps, to the public, but it is a step that Miss Barrymore has been contemplating ever since her affiliation with Metro picture corporation, and the completion of the screen of her present production, the picture version of Margaret Deland's great novel. This wonderful picture together with the 14th episode of "The Crimson Stain Mystery" is the Auditorium attraction today and ten per cent of the proceeds, both today and tomorrow go to the Associated Charities.

**"The Chattel."** The famous little English beauty, Peggy Hyland, who supports E. H. Sothern, the world's most famous actor in his first Vitagraph blue ribbon feature, "The Chattel," which will play at the Auditorium theater tomorrow, was born in Worcestershire, England, just 24 years ago.

After receiving her education in England and at a convent near Leige, Belgium, she entered the drama at an early age with George Edward's company. She was then with Cyril Maude in "The Yellow Jacket," and afterward went into motion pictures where she scored heavily.

This film also other Southern films, and there is to be only a few, will be handed down to posterity in celluloid form.

**"The Prince of Pilsen."** The story of "The Prince of Pilsen," the delightful musical comedy by Bixley and Ludors, which will be seen at the Auditorium, matinee and night, on Thursday, March 1, takes players and audience to Nice during the carnival of flowers. The fete is at its height when the proprietor of the Hotel Internationale learns that the Prince of Pilsen, who is traveling incognito, is a prospective visitor and may be expected to arrive at any time. With an eye to the main chance the Boniface spruance the news and prepares to receive the guest with the pomp and circumstance befitting a prince of the carnival.

A band of musicians to meet the distinguished guest at the railway station.

**"The Call of a Nation."** The title of the sensational spectacular ball, one of many big scenes in "The Tempters," which will be the attraction at the Auditorium theater next Monday afternoon and evening.

This scene is the most tremendous and lavish number ever put on in wheel shows and Manager Charles Baker who has the reputation of doing big things, has positively outdone himself. Scenery and costumes present a glittering and dazzling array and the music is of the kind that will set your blood a-thrilling and make you shout for joy because you are an American.

For business and class the remainder of the show is in keeping with this number as many novelties heretofore unknown to burlesque and a beauty chorus of 24. With all its hugeness, beauty and splendor, "The Tempters" is strictly one of the good old-fashioned kind of shows and Manager Baker is to be complimented on giving lovers of this form of entertainment a rare treat. Seats go on sale Friday morning.

finds difficulty in securing accommodations at the hotel. He is told that the "Prince of Pilsen's" presence at the hostelry leaves little room or time for entertaining others. He decides not to disclose his identity but to await a favorable opportunity for exposing the impostor. However, he happens to meet, Nicta Wagner, the brewer's daughter, and a minute's conversation with her is enough to show him that the Americans are innocent of any part in the deception—that the situation has been forced upon them. In full enjoyment of the affair he remains a commoner and permits the blundering brewer to involve them both in a series of ludicrous situations.

**ALHAMBRA.** Tonight. It is the general impression that glass is more or less a fragile thing.

Auditorium Today.

Norma Talmadge comes to the Auditorium next Friday for a two day stay in the first of the Selznick pictures, starting her at the head of her own company.

"Panthea" is a famous pianist who is admitted by Baron de Ludo, a millionaire brother kills a man in a fight and Panthea is arrested, but escapes to England. The boat carrying Panthea's life is saved by Gerard Moddaunt. They fall in love and Panthea confesses her identity to him. Later, Panthea wishes to leave his opera produced, the baron proposes that if she will sacrifice one month of her life to him, he will produce the opera.

the master-director of Mary Pickford's new Artcraft picture, "The Prince of the Clan," which is the attraction extraordinary to come to the Auditorium theater soon.

That Tourneur's training in these arts has contributed largely to his success as a director of photoplay classics is readily apparent. Each vacation he learned from the very beginning and each characteristic persistence climbed to the top.
